May Tours Set Record

PINE GROVE complex was the scene of great activity during May as Lenna McIntyre and her volunteer guides conducted fourteen tours for over five hundred and fifty students and adults for a record in attendance. The Oakland County Pioneer & Historical Society is very happy with this interest.

Thank you to our volunteers and staff who so graciously gave many hours of their time to assure that the grounds and our historic buildings were beautifully groomed for our guests.

A special thank you to all of our guides.

Ice Cream Social Planned for Sunday, August 7th

The first Sunday in August, as in many years past, is the time once again for our celebration at beautiful, historic PINE GROVE. A day to renew old friendships and introduce the new to Oakland County's history and life style of the Governor Moses Wisner family in the 1860's.

Kitty Daggy and Pauline Harrison with their committee have special events planned for a pleasant afternoon for our members, their families, friends and guest to enjoy.

The "White Elephant Booth" contributed a great deal to this fund-raiser event for the Society and will be repeated this year. Your donations to become someone else's "treasures" are needed. They may be delivered to the office anytime during July.

Enclosed within this Gazette is the ICE CREAM SOCIAL FLYER outlining the details along with five tickets for your convenience. SEE YOU AUGUST 7th!

State of Michigan Honors Betty With A Special Tribute

Elizabeth S. Adams

Elizabeth S. Adams

The 75th Anniversary - Diamond Jubilee of the Michigan Historical Commission 1913-1988 was celebrated at the Radisson Hotel, Lansing on May 26. 1988. A special tribute from the State of Michigan was presented to Elizabeth S. Adams for her 47 years of service to this Commission. Betty not only served as president of the Oakland County Pioneer and Veterans Historical Foundation which was instrumental in the purchase of the PINE GROVE property but she also served as the president of the Oakland County Pioneer and Historical Society for two terms 1962-1967 and 1969-1975. As a current member of the Board of Directors, Betty's contribution to this Society has been outstanding. Betty, we thank you for your years of support and are delighted to know of this honor by the State of Michigan who also recognizes your special talent and dedication.

LET IT BE KNOWN, That it is a distinct honor and great personal pleasure for us to join with citizens from across the Great Lake State, especially those with great reverence for the past, in honoring Elizabeth S. Adams. Her reception of special recognition in conjunction with the seventy-fifth anniversary of the Michigan Historical Commission is most appropriate, for Elizabeth S. Adams has compiled the most remarkable record of service in this commission's entire history.

with the recent observance of Michigan's sesquicentennial and the anticipated opening of the new library-archives-museum facilities, the people of Michigan have focused new attention on Michigan's fascinating past. This renewed interest, however, would have far less impact without the work of dedicated people like Elizabeth Adams. It is because of the kind of commitment she has shown over many years, including periods of time in which sensitivity to history seemed lacking, that we are able to re-examine the lives, events, and challenges of those who went before us.

A graduate of Eastern Michigan University who earned her master's degree in history from the the University of Michigan, Elizabeth Adams was originally appointed to the Michigan Historical Commission on March 20, 1941, by the late Governor Murray D. Van Wagoner. Over the course of her forty-seven years on the commission, she has spearheaded the many commission programs that have made history come alive for our citizens and visitors. Leadership roles with a wide range of historical groups and contributions she has made to many notable publications have also had an impact on the body of knowledge available for researchers and citizens alike.

IN SPECIAL TRIBUTE, Therefore, This document is signed and dedicated to honor the longest serving member of the Michigan Historical Commission in its seventy-five-year history--Elizabeth S. Adams. On behalf of the present and future generations that will enjoy the fruits of her work in preserving and researching Michigan history, we extend our heartfelt thanks.

The Lords were smiling on Governor Wisner Thursday morning, June 2, with beautiful, sunny weather for the dedication of his Guardian Angel statute at Oak Hill Cemetery in Pontiac. More than 600 Pontiac third-graders were in attendance, thanks to the cooperation of the Pontiac school district unions, who provided bus transportation.

The bronze statue was purchased with monies collected by the children through deposit cans and bottles as their Bicentennial project. Sponsored by the Pontiac Area Genealogical and Historical Society and the Pontiac Education Association. Additional funds were provided by our Society and corporate doners. The dedication was considered a tribute to the City of Pontiac. Resolutions and greetings, ranging from the Society's resolution of appreciation to a letter from President Reagan, were read by third-graders.

The linchpin behind this day was Cora Bradshaw, a member and retired Pontiac school teacher. Cora devoted literally hundreds of hours in coordinating the efforts of the corporate community and Pontiac schools. Her able staff of helpers were, among others, Theresa Brown, Bonita Drayton, Irene Liddle, Lora Perkins, Norma Pond, Dorothy Rudley, Maxine Smith and Lorine Walker.

Due to the Society's great interest in the replacing of the guardian angel statue at the Wisner monument at Oak Hill, we were well represented at the dedication. Miriam Foxman, Margaret Greer, Lenna McIntyre, Jean Milton and Pearl Stickland arrived in their Victorian guide costumes to be joined by Rex Lamoreaux, who was taller than anyone, in his Abe Lincoln stove-top hat. The Wisner family was represented by David Clark Wallace, Jr. and his sister Sandra. Bob Reynnells was present to record the event and provide photographs for posterity. Dick Jones and other members present really enjoyed the outstanding program, as the beautiful bronze statue was in place guarding the Wisner resting place. Our presence was recognized by a plaque of appreciation presented to us by the Pontiac Area Genealogical and Historical Society. The City Fathers now guard the Guardian Angel.
