SECRETARIES

No matter how busy a PHS secretary may be, she is always glad to assist both faculty member and student. One immediately senses a friendly atmosphere upon stepping into the main office and being greeted with a cheerful "may I help you?"

A SECRETARIAL SMILE . . . Nearly all of the students at P.H.S. are acquainted with Mrs. Louise Sutton and her friendly smile. Known as a never-tiring secretary, she gladly accommodates all who seek her services.

CAFETERIA

Tantalizing aromas fill the halls of P.H.S. each day as the cafeteria staff prepares the noon-day meal for students and faculty. Meals consisting of the seven basic requirements are carefully planned in weekly menus. Thus students may buy a hot, nourishing meal, a variety of sandwiches, or delicious hot dogs.

MAINTENANCE

Though many at PHS may not always see the maintenance staff actually in action, nevertheless, their services are fully appreciated by the student when he walks on a freshly waxed floor, looks out a spotlessly clean window, sits in a newly varnished desk, or uses a brightly painted locker. A beautiful, well-cared for campus is another evident result of the staff's industrious efforts.

HE LITERALLY SWEEPS STUDENTS OFF THEIR FEET . . . Santiago Hinajosa whisks dirt away as he charges through the hall with his trusty miracle mop.

To prepare young women and men for future lives as homemakers is the purpose of the FUTURE HOMEMAKERS OF AMERICA. In keeping with their motto, "Toward New Horizons," F.H.A. members choose new goals each year. This year's goals were teen-age consumer buying and civil defense. A trip to Hudson's Department Store in Detroit and helpful hints on wise buying from their advisor, Mrs. Elizabeth Miller, gave members insight into efficient shopping. The importance of civil defense was realized when the club visited Pontiac's Civil Defense observation tower.

"The alleviation and prevention of human suffering" is the main goal of the social worker. FUTURE SOCIAL WORKERS OF AMERICA, advised by Miss Viola Fitch, learn the various fields of social work and become familiar with the many problems of modern society. An active year included field trips to Lapeer, Boys' Republic, the local chapter of the American Red Cross, Catholic Family Center, Oakland County Child Guidance Clinic, and Pontiac State Hospital. Each trip covered a different phase of social work and left members of the club with new insights into their future profession.

Checking out books, shelving returned books, and repairing all circulating literature are a few of the numerous jobs of LIBRARY ASSISTANTS. An efficient running library is the result of their efforts, coupled with the invaluable services rendered by their advisors, Miss Viola Fitch and Mr. Russel Buller. Each semester the club holds a library tea to which faculty members are invited and at which time pins are awarded to assistants having served for three semesters.

"F.T.A. will lead the way to a new and better tomorrow." This line from the FUTURE TEACHERS OF AMERICA song expresses the hope of young, prospective teachers. F.T.A. members with the help of Mrs. Ann Morrow gain knowledge of the teaching profession by attending conferences, visiting college campuses, and listening to guest speakers. In addition, they assist Crofoot teachers in the instruction of elementary classes and sometimes work at the Oakland County Crippled Children's Home. By selling perfume and stamps, the club earns money for worthy causes. A CARE package is sent overseas annually.

HI-Y boys offer their services to the school when they sell refreshments at all home football and basketball games. Through the profits gained, they are able to contribute to the Service Fund of the YMCA and annually award a \$100 scholarship to an eligible senior member. During the year members also enjoy the use of the school gym and pool after the regular business meetings and play basketball at the "Y" with other Hi-Y groups. The profits from the sales formulate the \$100 scholarship awarded to a senior member each semester. Because Y-Teens and Hi-Y are similar in their services and aims, they often combine their meetings and social activities. A hayride was enjoyed by both groups in the fall.

Every Friday night is a special occasion for the club; at that time all assistants combine their efforts to "clean-up" the lab. Celebrating members' birthdays is also a traditional part of this get-together.

During the year Mr. Forrest Brown, advisor, arranges a bowling party and picnic for the assistants to show his appreciation of their services in a special way.

To interest students in science through informative yet interesting experiences is the goal of the LINNEAN SOCIETY. Visiting a funeral home, a local serpentarium, and the various science departments of the University of Michigan were among the club's activities this year. Members also publish a bi-weekly paper, the *Epidemic*, and in the spring edit the *Journal of the Michigan Junior Academy of Science, Arts, and Letters*.

During the Thanksgiving and Christmas vacations, Mr. John Youngpeter, advisor, took several boys to New York City and the National Science Meetings in Indianapolis. The fourth annual Science Fair was held in March and attracted much local interest.

After the passing of the beloved advisor, Mr. Garth Errington and the troupe went on in true showmanship tradition to produce *Lute Song* and *Oklahoma*. The latter production represented the combined talents of the dramatics and vocal department and was the first musicale ever to be given by Pontiac High School. *Oklahoma* attributes its success not only to its fine cast but to more than 200 people including stagehands, technical directors, costume designers, make-up men, back drop artists, musicians, and all who played important and necessary roles off-stage.

Also included in this year's program was the annual parents' reception held in January. The curtain fell on the final act of the season with the traditional club picnic.

Student Council Pursues Practices

First semester Student Council officers left to right are Muriel Upton, secretary; Emmanuel Williams, treasurer; Lynn Walker, sergeant-at-arms; Jeanne Johnson, vice-president; and Larry Beamer, president, seated.

The organization of a Teen-age Traffic Court was an outstanding accomplishment of the STUDENT COUNCIL this year. Under the supervision of Mr. George Stewart, head of P.H.S. Driver Education Department, and Judge Arthur E. Moore of the Juvenile Division of the Probate Court, the court enables teenage traffic defendants to be tried by their peers.

During the year the council also sponsored the annual magazine drive and several school dances. In addition, it was voted that money raised by the Student Council would formulate a scholarship fund to be awarded annually to deserving seniors.

The TOMAHAWK staff, advised by Mr. Robert Beauchamp, works diligently to bring the pleasures of the printed page to P.H.S. students. One of the few remaining weekly school newspapers in Michigan, the *T-Hawk* has brought many honors to the school. Notable among these was the first place rating received in the National Scholastic Press Association's Automobile Safety Edition and a first place rating by the National Quill and Scroll Society.

A truly cooperative enterprise, the *Tomahawk* relies upon the facilities of the school print shop. Mr. Ted Carlson and his printing crew transform the words and phrases of the reporter into a graphic reality.

In February several *T-Hawk* writers attended the journalism conference in Royal Oak and a press conference in Birmingham. The staff also participated in the Spring Interscholastic Press Conference at the University of Michigan.

Without the efforts of the 1958 Quiver STAFF and their new advisor, Mr. Robert Rickard, this annual could not have become a reality. The sixth hour of every school day, many hours after school, and several laborious week-ends saw the staff working toward the April 15 deadline. Inspired by a few Saturday afternoon pizza parties, members made a special attempt to sell advertising in order to finance the book.

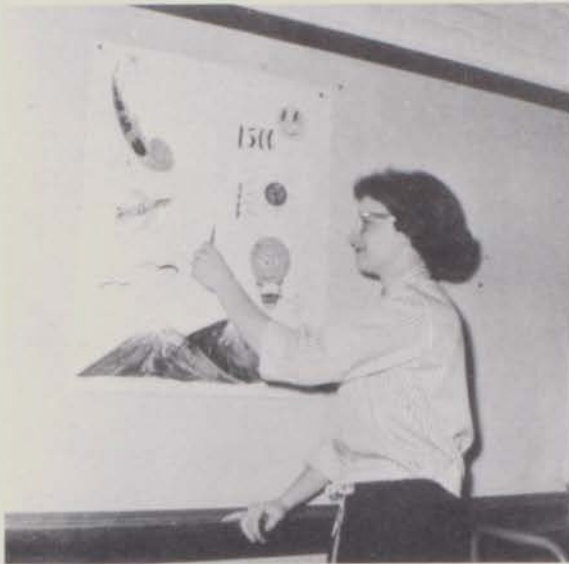

With the Quiver at press, the staff and advisor began planning the annual Spring Publications Banquet during which time the '59 staff was announced.

The Pontiac Senior High gridders this season began with a "new look." They had a new coach, new plays, and a fighting spirit. The first game, with Wyandotte, deflated some of the fans' high hopes. Coach Mac-Leay and his advisors must have found the squad's weaknesses because the following two Fridays the team engineered upsets over Lansing Sexton and Arthur Hill. Homecoming saw the Chiefs forget a football game has two halves. After a shoddy first half, they rebounded and played their most exciting and inspired half of the entire season, but this was not enough, and Saginaw emerged triumphant. The following three weeks were the downfall of the Chiefs as they bowed to Bay City and Flint Central. The season ended victoriously with the Chief's conquest of Ferndale before a snow-chilled crowd of local enthusiasts.

Bob Manning plunges through a large opening against Arthur Hill. Chiefs won 20 to 12.

Twin victories over Flint Northern and a tremendous fighting spirit highlighted the gridiron activity of the Little Chiefs this season. Under the direction of two new coaches, Steve Szabo and Gene Norris, the Junior Varsity displayed much promise for future Varsity teams.

"I DON'T CARE IF YOU DID BEAT WATERFORD!"

Two decisive victories over Detroit Catholic Central and Saginaw Arthur Hill kindled a bright hope in the Chiefs for another Saginaw Valley championship. However, a damper was put on this hope by Flint Central with an impressive 52-43 victory. After the Christmas vacation the Chiefs bounced back with three consecutive wins, followed by defeats at the hands of Flint Northern and Saginaw Eastern. The squad slid by with close victories over Catholic Central and Arthur Hill. Two of the state's top ranked teams, Highland Park and Flint Central, met the Chiefs and squeaked by with close victories. The Flint victory doused all hope for the valley championship. The squad finished the season with three consecutive victories, the final one being a 52-51 thriller over Flint Northern, the valley's second place team.

Much is also expected of sprinters Joe Hill and Jimmy Keller, two seniors who performed excellently last season. Bob Manning, Detroit City Dash champion while at Western High last year, and Dan Sowell have both shown fine promise and are expected to bolster the team's strength greatly.

A Team of Champions, Chief

"QUICK! GET A CAGE" . . . Saginaw Valley Champ, in the rough 175 pound weight class, John Herron searches for the key mat-breaking hold.

An improvement over the record of the preceding season was the major highlight of the 1958 wrestling season. With only five returning lettermen, the squad rallied behind Coaches Willson and Szabo for a season's record of 9-5. Four squad members, Erasmo Trevino, Jack Keller, Dave Payne and Mel Nosanchuk, performed magnificently in the state meet. Coach Willson stated that the boys "looked like champions all the way."

"BONE CRUSHER" . . . Tiny Bobby Kaiser, agile Chief grappler, applies the pressure to an obviously larger opponent.

Row 1: M. Nosanchuk, D. Payne, R. Clauson, B. Bihl, R. Ronquillo, E. Slade, J. Keller, B. Kaiser.
 Row 2: J. Herron, H. Smith, D. Ashby, L. Nelson, J. Fields, J. Fields, L. Hatmon, E. Trevino.

HELPLESS? . . . Sophomore, Ray Ronquillo, who compiled a 6-3 season record, has his Royal Oak opponent in a pinned position.

"THE NEARNESS OF YOU" . . . Lark Nelson decides strategy to use in securing his Royal Oak opponent.

DOUBLE CHIN REMOVER . . . Dave Payne, State Regional champ who compiled a 12-2 season record, has his opponent in another pin.

When Ability Counts, They Prove It.

CALM BEFORE THE STORM . . . Senior, Dave Payne, who again proved to be one of the state's top wrestlers, forcefully drives his opponent to the mat.

ONLY THIRTY SECONDS TO GO . . . Ray Ronquillo garners two points for a take-down against his Royal Oak opponent.

THIRD MAN THEME . . . John Herron, who possessed the team's finest dual meet record of 13-1, grapples his opponent to the mat and prepares him for an ultimate pin.

WHOSE MOVE NOW? . . . Duke Relyea, compiler of an impressive 9-5 season record, restrains his opponent with an unorthodox but effective hold.

"WHAT NOW, COACH?" . . . Jerry Fields ponders a possible escape route from his opponent's grasp.

'Harriers' Register Challenging Performance.

Larry Beamer

*"Over hill, over dale as they hit the dusty trail,
The harriers go pacing along . . ."*

To meet the challenge of the hills and dales encountered in the course of the two mile crosscountry run, the harrier is extensively trained. The fruits of Coach Mike Andonian's rigorous conditioning program were seen this season with the team's fourth place finish at the Farmington Regionals and Larry Beamer's second place finish at the state meet. Captain Roger Coats, one of last year's prominent runners, again turned in fine performances for the harriers despite numerous untimely accidents.

Pontiac High is one of the few schools in the country that recognizes the value of weight training. This program is designed for: the varsity boy who wants to stay in condition during the off-season, the underdeveloped boy who is concerned about his well-being and appearance, and the boy who enjoys competition.

The right hand of the coach clings steadfastly to a good athletic manager. This manager supplies the coach with important information, and issues and keeps track of all equipment.

'Netters' Display Potential in

Double-letter-winner, Richard Mallory began the season as the Chiefs' top-ranking netter.

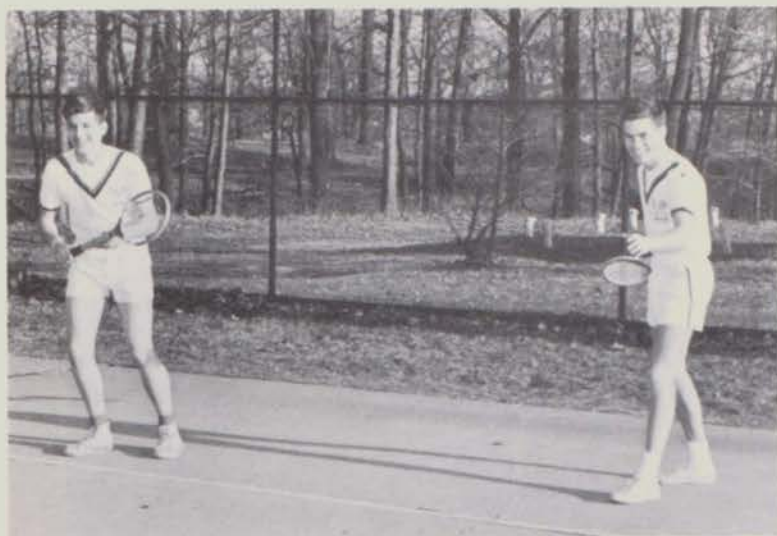

The return of veteran, Al Higgins, is expected to add strength to the squad's chances.

The P.H.S. netters, under a new coach, Gene Norris, began the season with four returning lettermen. The squad, with an enthusiastic group of 'racketeers', began the season with a solid 6-1 victory over Saginaw Eastern.

Last year's top-seeded netter, Harry VanMatre, begins his 'big service'.

That good sportsmanship builds strong character is the belief of **GIRLS' RECREATION ASSOCIATION**. Club members, under the guidance of Miss Joan Anderson, develop individual skills by taking part in various athletics. The most popular sports among the girls are volleyball, basketball, softball, and gymnastics.

"Peter Pan", "Men of Mars", "Rocketship", and "Snow White and the Seven Dwarfs" were the exciting names of just a few of the numbers in this year's water ballet, *Dolphins In Disneyland*. The DOLPHINS who participate in these presentations are chosen each fall on a competitive swimming basis. Once selected, the club meets four times a week under the direction of Mrs. Geraldine Irwin. At this time the girls develop their aquatic skills and create routines for the annual water show. After many long and arduous practice sessions showtime arrives, the girls dive in, and a quality water fantasia unfolds before hundreds.

To you who have made this book a realization,

At this time we would like to thank all who have shared in the publication of this yearbook; Mr. Staley and members of the faculty who tolerated our picture schedules and class absences and assisted us in a myriad of ways; Louise Sutton and her assistants who made list upon list of names and relayed important messages to our door; Pontiac Press photographers Ron Wagman, Tom Gerles, and Ed Vanderworp for the use of many pictures, especially sports; Storer-Spellman for their tireless efforts at picture taking and paste-ups; Braun-Brumfield who published this book despite its late, late, late deadline; members of the community who co-operated invaluable in purchasing ads; John Manes for his sketch of the school; and all who assisted us in any way, whether it was running an errand or answering a question; every effort was appreciated.

Sincerely,

1958 Quiver Staff

P.S. We sincerely hope that next year's staff will receive the co-operation and feel the same enjoyment and self-satisfaction that we did in producing this yearbook. Good Luck.

WAY TO BETTER LIVING

Learning provides a key to the spiritual and material riches of the world. Through learning, science and industry have combined to bring new convenience, new benefits and a new measure of leisure into our lives.

In this evolution electricity has played a leading part.

In the years to come you will live still better electrically for greater things are in store. But it will take ever higher standards of learning to win them.

Good luck to you in helping to make the dreams of today the realities of tomorrow.

In many instances the major problem of high school students is that of "Further Education." Going to college, business school, or into technical training costs money. Where do you get this money?

Counseling with people who have these financial problems is part of our business and we enjoy it. We would consider it a privilege to sit down with you or your family and talk over any financial need you might have.

Why not pay us a visit real soon?
