QUIVER

PONTIAC CENTRAL HIGH SCHOOL

300 W.Huron

Pontiac, Michigan

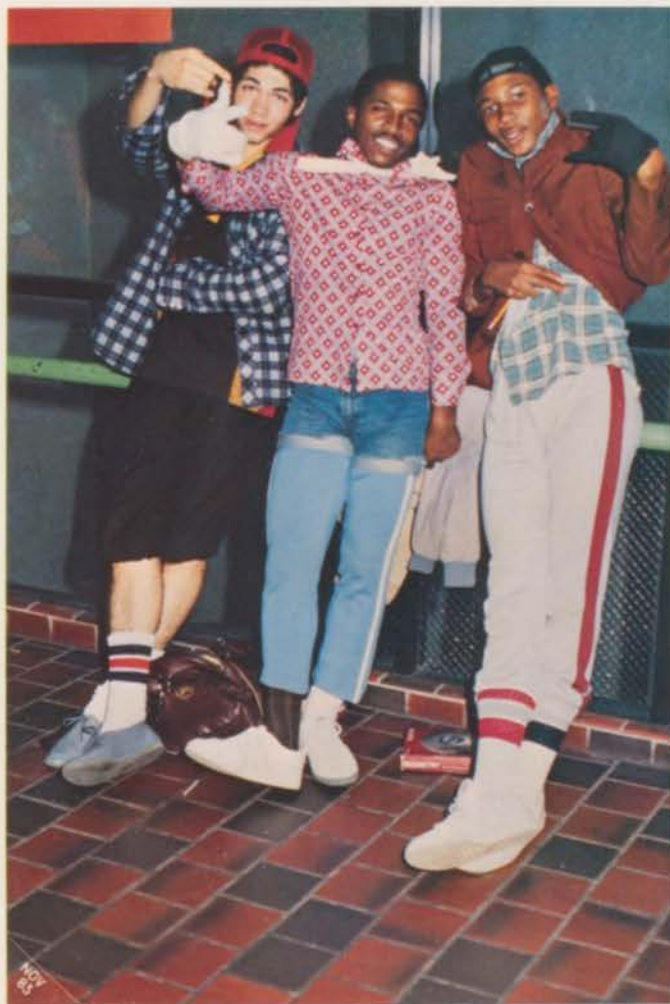

# HOMECOMING 1983

## Spirit Week '83

Dr. Ernest L. Russell - Principal

The publication of this 1984 QUIVER has special significance for us as it coincides with our celebrating the 135th anniversary of Pontiac Central High School. As we turn the pages of this yearbook, memories of the joys, excitement, challenges, and successes of the past four years will be enlivened. In much the same way, commemorating this 135th anniversary of our school should make us look back over the decades and try to understand the hopes and dreams of those who came before us to better judge how well we have measured up to their expectations.

Pontiac Central High School was founded to answer a compelling need felt in the community for higher formal education for the young people in the area. From very modest beginnings in 1849, the high school, originally known as "Old Union" and later as Grove High School, was considered, by 1871, to be the finest in the State of Michigan. Generations of graduates have made outstanding contributions to the arts and sciences, to politics and industry.

To chronicle the history of a high school best, we should parallel the way in which the QUIVER details the "life cycle" of a single graduating class in four-year segments. Each new incoming class brings with it, distinctive personalities, talents, needs, and challenges. Over these past four years we have endeavored to offer strong leadership and understanding guidance to assure that those graduating will be as well prepared as possible for their future roles in the community. We are constantly monitoring our teaching procedures and our curriculum choices, sensitive to the demands that will be made on our young people.

We know how important it is that our students realize that "success breeds success" and have therefore publicly honored their achievements in Honors and Awards ceremonies while we have challenged their sense of civic responsibility in the Key Club, the Student Leadership Council, and in a revitalized National Honor Society. Those students who persevered to improve their grades and their school citizenship were also rewarded because underlying all our programs at Pontiac Central is this philosophy: The singleminded, enthusiastic pursuit of excellence in the classroom, on the athletic field, in every facet of life is the only sure way to realize fully the potential each of us possesses.

As the eleventh principal of Pontiac Central High School, I take great pride in the traditions and achievements of the past. But looking back is not what made this high school great. We must continue to nurture the best of our traditions and make them vital and productive in the lives of our students and community today. The greatest homage we can pay to the past is to improve the future.

Hail to the Chiefs of yesterday, today, and tomorrow!

Dr. Russell  
Principal

We've got the SPIRIT...

The "SPIRIT" has it!

It's been a very good year. Yes, from the first day to the last. You leave now with fond memories. Memories to remember... The excitement of the first month, when friendships were re-newed and new friends gathered. The posters, slogans, and signs signifying "HOMECOMING AND CAMPAIGN WEEK" together with our first big PEP rally of the year was great. Finally, the Homecoming football game when our Chief and Princess and their Court were announced. Remember the "Beat Pontiac Northern Week", highlighted by our hosting the King & Queen from Huskie Land by sharing a special pancake breakfast. To add to the excitement was the thrilling football game when we were victorious over the Huskies.

Memories of the first school-wide Bowl-A-Thon, when each grade bowled in spirited competition for a trophy for their class. In addition you helped support the wonderful effort made by the Pontiac Boosters Club to retain all extra-curricular activities in our schools. Can you ever forget the hectic senior committee meetings when you helped in the selection of the announcements, prom, and senior trip? I will never forget those meetings. In addition to the daily academia, will you remember the importance of: Career Day at the Silverdome, the many representatives from the Colleges and Universities, the array of recruiting personnel from the various military services, the tons of grant information, and the many applications that were needed to be filled out... "now and today!". There seemed to be so much to do in a very short period of time.

In addition, most of you had, or were looking for some sort of part-time job to help defray some of the expense of the prom, senior trip, senior pictures, announcements cap & gowns, and yes, your class rings. How many times did you say to yourself, if I can get through this year I can do anything.

Now it is time to say goodbye to our January Grads... the handshakes, hugs, and tears. You began to get your second wind and I could hear the halls echo with "it's all down-hill from now on". Our spare time was now devoted to cheering the Fighting Chiefs on to the State finals. When our baseball team started to practice we all knew spring was finally here. Easter break was just around the corner, and this also meant that Senior Exams and Senior Clearance would soon be upon us.

Finally, the Baldwin Pavilion... Could this really be? The day had finally arrived and there I was, marching to the time honored "Pomp and Circumstance". All the friends, relatives and people... my knees were shaking and I didn't know if I wanted to laugh or cry. I looked out from my seat on the stage and visually took a picture of each one of you. I think I saw laughing and crying.

I leave you with this humble token... feel kindly toward everyone. Be friendly and pleasant among yourselves. Be generous and fair. Surely you are the Class of '84

YES, IT HAS BEEN A VERY GOOD YEAR. GOOD FORTUNE TO ALL OF YOU !

Mr. Dominic Paterra  
12th Grade Principal '83 - '84

It has been a pleasure serving as your principal for the school year 1983-1984. It is regrettable that we must end our close association at the end of our school year.

As you move into your senior year, my best wishes go with you for a productive and enjoyable one.

My sincere appreciation is extended to all Class Officers and also to all the members of our Great Class for all the cooperation you gave during our year together.

Your participation in extra-curricular activities, and all the fund raising efforts have been exemplary.

CONTINUE TO STRIVE FOR EXCELLENCE...

Mrs. Anne D. Russell  
11th Grade Principal '83-84

The 1983-84 school year has been an excellent one. There appears to be a resurgent interest among students in improving their academic preparation. Teachers also made strides to improve academic preparations. Our Math Department instituted a new and more rigorous mathematics program at grades 9 through 12. Other activities by the faculty to improve the educational program were the development of all Pontiac Central students and an effort to return on a limited basis to some sixth hour classes.

All of the above activities were evidence of a school-wide effort to improve academic excellence at Pontiac Central High School.

Mr. Sam Osborn  
10th Grade Principal (M-Z)  
1983-84

# Spirit is the word!!!

As the Grade Principal for the Class of '87 and the Class of '86, (A-L), it is my distinct pleasure to congratulate the students of Pontiac Central High School on their outstanding academic performance, commitment to excellence in education, and the enthusiasm exhibited by each and everyone of the Pontiac Central Family during the 1983-84 school year.

During my first year as a member of the administrative team at Pontiac Central, I have experienced many events and activities which will be remembered for years to come. Homecoming Week, the PEP assemblies, and the Chiefs victory over Pontiac Northern Huskies in their annual football classic are but a few. The one memory which will remain with me, is the support from my administrative colleagues, the faculty, staff, students and parents of the "Pontiac Central Family".

To the members of the Class of '84, I wish you success in your future endeavors. To the rest of the "Family", I offer you the challenge of continuing in our efforts to achieve "EXCELLENCE".

Mr. Joseph Romero  
9th Grade Principal  
10th Grade Principal (A-L)

## SOPHOMORES

Wright, Norman  
Yokley, Cindy  
Zepeda, Carmen  
Lyles, Sherry

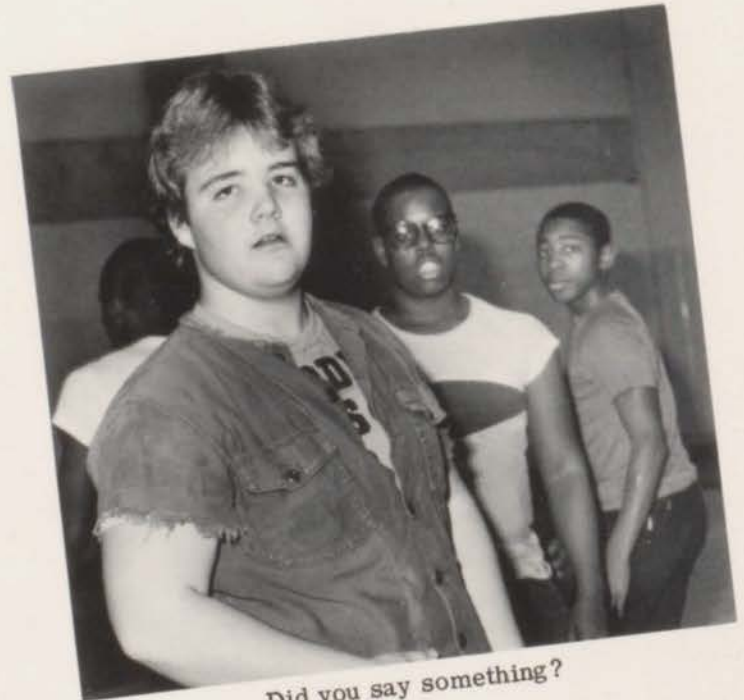

This is serious business

What's so funny?

Are you sure you want my picture?

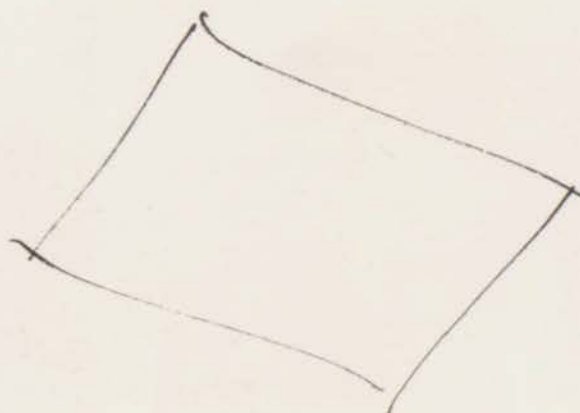

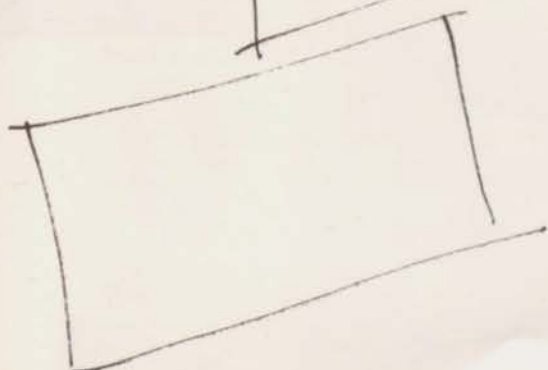

Did you say something?

# Autographs

Special Friends

Phone Numbers

## Activities of all kinds

Exploring life forms in Biology

Planning a Party?

What do we add now, Mr. Robb?

Piano playing in Mr. Seaboldt's class

Sure would be easier if I had a wife., who loves to cook!

Homemakers of the future...

Looking over the paperbacks in Mr. Johnston's

Clicking away at the keys in Ms Dell's class

The photographers little helper! (Bonnie)  
What a Smile....

Is he doing it right, guys?

Turning the lathe in Mr. Macy's class

Where's your pass Ms. Russell?

Creating with wood is rewarding

Let's get this class together

## FUN & WORK GO TOGETHER

Checking over homework with Ms Evans

Question and answer time with Ms Forch

Lines and curves in Mr. Hon's class

What's the answer, Mr. Roller?

## Wigwam - Food Service Class - Ms. France

Learning to cook with Ms. France in our Foods Service Class

Working together to meet the demand for quality food

Are Men or Women the best cooks?

# Home Ec. & Cooking - Mrs. Johnson

I thought cooking was more fun then this

Mrs. Johnson...the only one smiling?

What else should I add to this ?

I always cook with  
my eyes closed

Learning to sew in Mrs. Johnson's class

# Spanish Class - Mr. Paquette

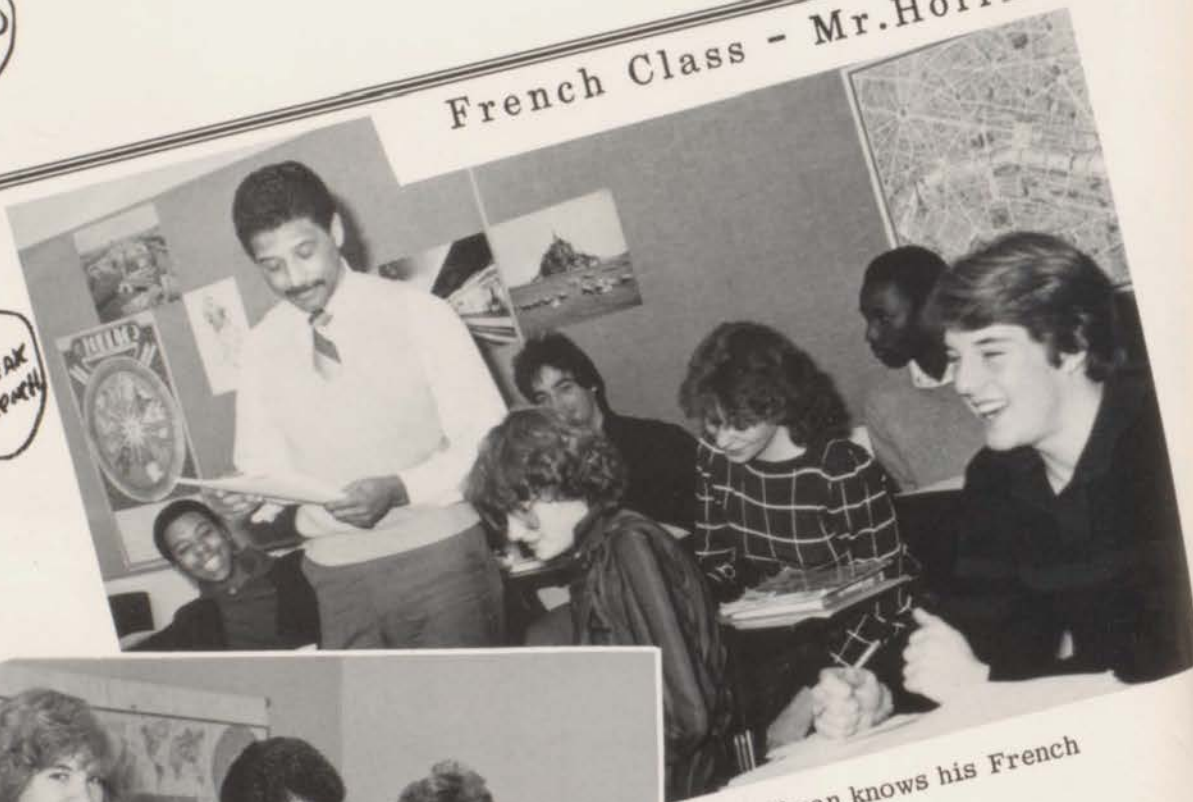

Mr. Paquette

Mr. Paquette's Spanish class learning the language

# French Class - Mr. Hoffman

Mr. Hoffman knows his French

## Drama Class

Practicing for a play

I can Act... Really

Learning to roll play

## Math Classes

Learning algebra, Marilyn, Andrea and Shaundra

Mr. Walker and some of his fans

Mr. Walker

Pre-calculus looks pretty easy in Mr. Strachan's class

Joe Cool knows all the answers

Two and one makes three in this math class

Mr. Porter

Mr. Porter, math teacher, proving to Jodie and Jonya that  $X=Y$

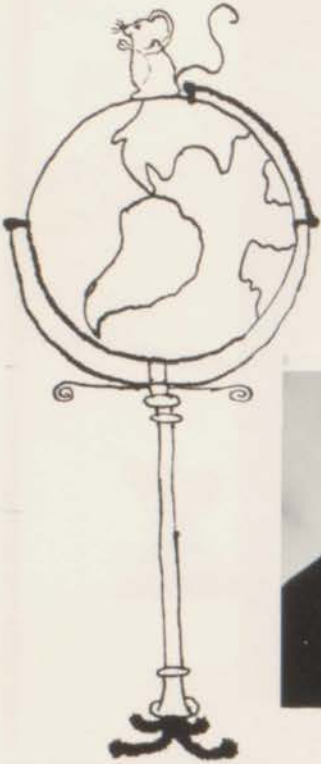

Mr. Walker subing for Mr. Hulett

Mr. Hulett

# History Classes

Mr. Nuss

Mr. Nuss having a History quiz

Spontaneous History is taught by Mr. Bell

Mrs. Jones

Ms Jones giving expression to history

Mr. Lingl shaping his class up for a test

# Biology Class

This is the way it is done!

Give us  
A BREAK ... KIDS!!

You've got to have the stomach for this job!

# Chemistry - Mr. Robb

Eric and couple of his friends working in the chemistry lab

Ok guys... what'cha making?

Brian working real hard while Tracy and Chris look on

Mr. Robb teaching chemistry

## Debate Team- Mr.Rogell

Mr. Rogell's Debat Team

Anyone care to debate with me?

Mr. Rogell debating with couple of his students

Mr. Crenshaw

Mr. Crenshaw leading the way

Come on Tony you can get it running!

Should be finished in no time with the five of the best at work

Come on, guys join the Marines

Pam Perry  
ARA Food Service Secretary

Doing the required paperwork

Learning the computer

Office Assistant

## Shop Classes

It takes concentration in Mr. Martus' Small Engine Class

Frazier and a couple of friends in Woodshop

Learning about electricity

Taking a break in Art Class

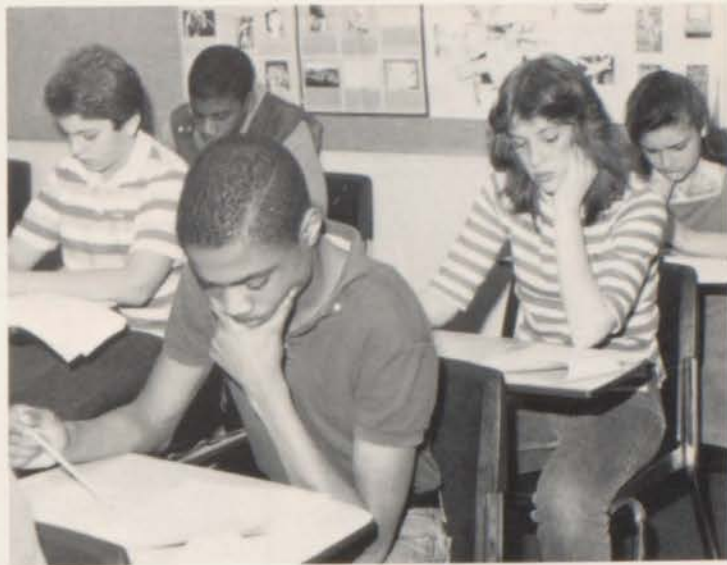

Tonya Davis missed the Senior Section

## English Classes

Mrs. Wright checking over homework papers

This sure is tough

Mrs. VanHull sharing with some of her students

Looks interesting

English class takes some thought and time

THANK YOU  
ADVERTISERS

## When the world's best need a lift, they call on ARA.

With nearly a hundred different Olympic events and thousands of Olympic athletes, getting the right athlete to the right event at the right time is a monumental challenge.

So the organizers of the '84 Olympic Games turned to ARA.

As the nation's largest provider of contract transportation, and the world's largest service management

company, ARA is more than qualified.

Olympic-size jobs are nothing new to ARA. Nor is our ability to serve the people of California. Everyday, ARA employees manage food service for you, distribute your books and magazines, bring you clean uniforms, care for your loved ones in nursing homes, transport charter groups, and even drive your children to school.

And when it's time to transport the Olympians (and manage their food service), we promise only our best.

We can do no less, certainly not in California. ARA was founded here and we now have 10,500 employees in this fine state.

As appearing in FORBES, TIME, NEWSWEEK, SPORTS ILLUSTRATED, LOS ANGELES MAGAZINE, SAN FRANCISCO MAGAZINE.
